

Using Your Nomination Insignia

Congratulations on your nomination for consideration in the upcoming Katerva Awards, an annual set of awards for the best sustainability efforts, worldwide.

Your initiative was identified and nominated through an international network of expert “Spotters,” based on the World Business Council for Sustainable Development's [Vision 2050 report](#).

In order to help you publicize and promote your nomination, we are providing you with a nomination insignia (see below) to post on your website and link to The Katerva site. The insignia is available in three formats—EPS, GIF, and JPG—one of which should easily be compatible with your current digital publishing platform.

It's easy to upload your Katerva Awards 2011 Nominee insignia and link it to the Katerva website:

1. Upload the version of the insignia (EPS, GIF, or JPG) that you want to use and save it to your system in a place where you can find it. You can name the file anything that's simple to remember (e.g., Katerva Challenge Insignia).
2. Insert the file on your own organization's website page, by navigating to the Insert menu, and choosing Picture, and then From File.
3. The insignia should now appear on your screen. Now, Select the insignia.
4. Again, navigate to the Insert menu, but this time choose Link.
5. A box will appear on your screen. Where it asks for a URL, enter <http://katerva.org>.
6. Your insignia should now appear on your page with a link to the Katerva site.

If you have any problems, send a note to Info@Katerva.org, along with your contact information. We'll be glad to help!
